

BIDS ARE AWARDED.

BY THE BOARD OF SCHOOL DIRECTORS.

For Building Two New Rooms and Repairing Other School Houses.

There seems to be but very little interest taken in the meetings of this branch of the town government. Last evening when the members were called to order there were but eight persons in the lobby and the most of them were interested only in the contracts that were to be let.

The minutes of the previous meeting were read and approved.

The Committee on Schools had no report to make.

The Committee on Finance reported favorably on the following accounts and recommended that warrants be drawn to pay them:

The work of enclosing the front porches of the Le Conte and Whittier school houses has been let to Young & Bull for the sum of \$90 each or \$180 for both, and we have also ordered the panelling of the lower portion of the porches, as they are at present open to the storm and wind, for the sum of \$190 in all for completing the porches of both school houses.

Bids for erecting a two-room school building for recitations on the Kellogg school lot, have been obtained and are submitted; also bids for macadamizing the school yard of Rose street school have been obtained and are submitted. We recommend that a six-foot wooden sidewalk be laid on the street south of the Whittier school bordering on the school lot.

Geo. A. Norton,

Geo. Swain.

Principal Waterman submitted his report of the schools, written upon what appeared to be dingy paper such as is used in cheap grocery stores to wrap articles in. The Board accepted it without any out-loud comment. It is as follows:

To the Honorable Board of Education, Gentlemen: Herewith find a report of the enrollment of the East Berkeley schools for the month ending August 30, 1895:

High School: Senior, 84; Middle, 96; Junior, 110. Total, 290. Kellogg School: Total, 314; including High School, 652. Whittier School, 228. Rose-street School, 157. Le Conte School, 286. Lorin School, 263. Total grammar and primary schools, 1,259. Total High School, 290.

The Committee on Rules reported progress.

A long discussion ensued in relation to the raising of Mr. Congdon's salary. While the attorney gave a number of opinions during the progress of the debate yet the Board could not see its way clear to make any change from the way matters stood at present. Director Norton made a strong fight to gain the desired end but as said before he did not meet with success.

When an election of a teacher took place a lady by the name of Woodworth was elected.

Mrs. B. Goldsmith, janitress of the Le Conte school, sent a communication to the Board asking for a four-months' leave of absence. Mr. B. Goldsmith is to do the work while she is out of the school. No reason was given for the leave, but it was granted by the Board.

A. H. Morris was granted the same privileges on the school lot that he had last year. Everything on the sidewalk, gutters and street must be cleaned up, according to the idea promulgated by the Board of Trustees in the way of cleaning streets by Mr. Morris.

A recommendation of Dick Moore to do grading work in the various school yards was read and referred to the Committee on School Houses and Sites.

A communication was received asking for the use of the Lorin school house for private purposes. Members of the Board thought this was opening a very large door to have public property used for the benefit of private individuals, but the privilege was finally granted, with the provision that it should be under the particular surveillance of Director Norton.

A resolution was passed to employ Mr. Stut to fill in Allston way in front of the school property at ten cents per cubic yard.

A number of bids were referred to the Committee on School Houses and Sites without being read.

The action of the Committee on Balustrades was approved.

Miss Lombard asked for various supplies for the Whittier school. She desired to have lines painted on the front steps, on the hall floors, on the inside steps and along the aisles for her scholars to march by. The Committee on Supplies was directed to supply whatever was called for.

Florence G. Jackson, teacher in public schools, asked for a position as teacher of drawing.

Various bids were received according to advertisement and it was thought that Mr. Crissman was the lowest bidder.

On motion adjourned.

West Berkeley Progressive Club.

The regular meeting of this club will take place at its rooms at the usual hour this evening. Of late this club has assumed a high place in the body politic and its influence is felt in all parts of the town to such an extent that when any important matter comes up the query is at once put forth, "How is the West Berkeley Club going to act in the matter?"

When the action of any club arrives at that stage there must be something in it or people would not care so much about any action it might take.

It is only by clear hard work and a persistency that would have broken down a great majority of men, in disgust at the want of people's turning their hand over to help themselves, that a few of Berkeley's go-ahead men have brought this club up to be a power in the land. Now that it is so plenty of people are joining it. They need not think that all of the hard work is accomplished yet. There is plenty more to do and there will always be a quantity for willing hands to do.

Every man who joins this club must make up his mind that he has got to do something towards helping others and at the same time help himself. He must make up his mind to help those who have already done the hardest portion of the work, bear the burden and give them a chance to get their second breath. The club is no place for any man who will not take some interest in its welfare.

That the club will be potent in getting work done in West Berkeley a dozen different ways, there is no question. Every day's work it can get or a mechanic or laborer in West Berkeley counts just so much in the disbursement of whatever that day's labor may amount to in coin.

There are quite a number of old matters to be attended to this evening as well as new things to be looked after which are always coming up. This club must lead not follow. New members are getting on the rolls quite often now that the club has proved a success. Constant work will be demanded of all and material must be given by those who have it to give. If you leave the burden on but few shoulders the time will come when the strength will give out. Wake up West Berkeleys and show the rest of the town what you can do.

Board of Equalization

The Board of Trustees as a Board of Equalization was called to order and all were present except President Rickard. The minutes were read and approved. The Assessment as made was approved by the Board and on motion it adjourned as a Board of Equalization.

Advertise in the GAZETTE.

Board of Trustees.

After having adjourned as a Board of Equalization, the members came together in regular meeting. Resolution in regard to taxes was adopted. A resolution was adopted as to rate of taxes so as to cover the question of a legal holiday. All matters appertaining to really legalizing any action taken on account of the question of a legal holiday was finally referred to the meeting which will take place, pro forma, this evening, to which time the Board adjourned to meet at 8 o'clock.

High School Board.

After adjourning as the Board of Education the members assembled as a High School Board. The president made a report that the Regents did not meet until the second Tuesday in September and the communication he had addressed them on behalf of the Committee could not be acted upon until that time, consequently nothing more could be done on the premises just now. After some discussion on other matters the Board adjourned.

Lost His Bark.

Last evening at about 6:30 just as one of the electric cars was leaving Berkeley it ran over a dog, and broke the poor animal's back.

The cries of the poor brute were pitiful, but its misery was not long lived, for Deputy Marshal Kerns came along a few minutes later and put the dog out of its misery by shooting it. He had to fire three bullets into the animal's body before he succeeded in killing it.

The shooting caused quite a crowd to congregate, thinking some person had been shot.

GAZETTELETS.

L. A. Cavallier of the Golden Gate Supply Company on Shattuck avenue, have an advertisement in this issue. Look it up.

A number of the members of Oakland Lodge, No. 103, Knights of Pythias, will pay a fraternal visit to the Berkeley Lodge at Pythian Hall this evening.

Dr. Frank Stevens Cook of San Francisco, who owns two building lots in West Berkeley, intends to build himself a house this month as the health of his wife requires a change of air.

Mrs. Barnett, a sister of Mrs. Barnett of Berkeley, and also a sister of Mrs. Lyster of Lorin, arrived in the city yesterday from New York, and will hereafter make her home with her sister at Lorin.

The San Francisco Chronicle man who has charge of the eclipses, etc., has evidently lost a day, as he advertises the great performance of the earth passing the moon, which is regularly billed for tonight, as not coming off until tomorrow evening.

The Oakland Times has changed hands and is now owned by Mr. Maxwell, a wealthy hardware dealer of Oakland. Mr. Bishop will remain as editor but Mr. Squires, the bookkeeper and business manager, will retire.

Rev. J. E. Edwards, of the A. M. E. church of Oakland has received information that a colored man has been around Lorin and Berkeley soliciting subscriptions under the pretended authorization of himself, the money to go to some Kansas sufferers. Several parties have spoken to Rev. Edwards about being approached on this proposition, and he wishes to notify the public that the man making the collections is an impostor. He is described as a short, dark fellow, wearing a mustache on his face. He dresses in a gray suit, somewhat worn.

YANKEE WHIST.

AN ANSWER TO A CORRESPONDENT TELLING

How the Game Is Played—A Pointer for Whist Clubs.

EDITOR GAZETTE:—Will you please inform me, as well as the public, what "Yankee Whist" is and how it is played. I have heard of it but can find no one to explain it.

WHISTPLAYER.

[The new game, while not so interesting or so scientific, fills in very well where there are not four players to make up a regular game, and gives a very good opportunity for a display of skill.

It is generally known as "Yankee whist," and, as in option whist, all disputes about your partner's play and the possibility of drawing a poor partner, are done away with.

In playing the game the whole pack of cards is used. First deal two cards, alternately, first to your opponent and then to yourself. These cards are kept separate from the other piles. Then deal the cards face down in 24 piles, 12 in front of the non dealer and 12 in front of the dealer. Next deal the rest of the pack face upward on each of the 24 piles already dealt. Each player will then have 12 packs of two each in front of him. The two cards first dealt are taken up and looked at. Then the non dealer looks at the two cards in his or her hand and the 12 face upon the board and names the trump, whatever suit he or she thinks to be the most favorable from the cards which are turned up.

The game then begins with the non dealer, and the game is carried on the same as in an ordinary game of whist. You must follow suit if you can. As soon as the card which is exposed is played, and the trick on which it is played is taken up, the card underneath is turned up, and the game is continued until this process causes all the cards to be exposed, but not, however, until long toward the close of the game.

Consequently there is always enough uncertainty about the strength of your own hand and that of your opponent's to give plenty of opportunity for careful and thoughtful playing.

Every trick taken over 12 counts as one point, and the game is usually 10 points, although any number of points can be played.

The game has not been introduced very extensively at present, and in many whist clubs it is practically unknown.

Where the game originated is unknown, but if played properly it will be found to be very interesting.—EPIHON GAZETTE.

TOWN OFFICIAL PAPER.

TUESDAY, SEPTEMBER 3, 1895

TONIGHT! TONIGHT!!

Every citizen of West Berkeley who has the interest of that section at heart, is earnestly requested to be present at the meeting of the West Berkeley Improvement Company this evening. A gentleman will be present who will explain to the board how a passenger ferry service can be put on between West Berkeley and San Francisco.

The Committee will report upon the glass works proposition. There will also be given a report upon the bicycle factory, and other improvements that are contemplated. It will be a very important meeting, and every citizen should be present.

The fifth annual convention of the Women's Press Association of the Pacific will commence today at San Francisco.

The U. S. steamer Mohican arrived from Port Townsend yesterday. She has been on the northern coast for several months.

HOPKICKING about Healdsburg commenced today. It will give employment to over 1000 white persons for awhile.

VALLEJO PARLOR No. 57, N. S. G. W. will visit Sacramento on the 9th of September and take the Independence Band along with them. The public will be treated to some very fine music as this band is probably the finest one in the State.

On the 30th of August, at Chico, Russell Cushing rode one-third of a mile in the quick time of 36.4 on a Lovell Diamond bicycle, thus breaking the previous record.

PEOPLE who want good printing done should keep away from cheap offices and amateur printing offices. The circular that was got out by an amateur office in East Berkeley for the Lookout Mountain Post G. A. R. is an example. In looking over it no less than nineteen errors appear.

Harbor Commissioner Colnan was called before the Grand Jury in San Francisco yesterday to tell what he knew of the persons who had offered him bribes for offices, but nothing was learned, as his mind was a blank as far as the names of the would be bribers were concerned.

THE tax levy of 85 cents on each \$100, as fixed by the Board of Equalization last evening, seems to give general satisfaction to the property owners of Berkeley. Of course there are some who think that the rate is too high. Those who desire to see the town go ahead and take its proper place among the bay towns think that the levy is none too large and those are also our sentiments.

DON'T ask the editor to suppress any item of news. Some other paper will get it anyway. Next week something will happen to your neighbor and if he asks to have it suppressed you will be the first to jump on the editor for not daring to "say his soul was his own." Take your medicine when the items happen to fall your way, for you really have no more claim on the editor than has your neighbor.—Watsonville Register.

ABOUT SOCIALISM.

EDITOR GAZETTE—Is not every step toward civilization a step toward socialism? To the Republican and Democrat this may seem an unwarranted assertion, but, imagine if you can, what society and civilization in its most beneficent aspect would be if it were stripped of all its socialistic features, that is, all in it that people do as a whole, in their collective capacity. Why,

Ambrose Bierce made a statement, some time back, that all there is good in society is socialistic cousin. What would society be if every State-capital, national capital, every City Hall, every Court House, every public hospital, every almshouse, every insane asylum and house of refuge, every home of inebriates, every public library and reading room, every fire house and fire department, every police station and police department, every public school and school building, every postoffice, every park, every street, every highway, every bridge, every lighthouse, and life saving station, in fact, everything that is bountiful and beneficent, that is a bond of union and a bond of peace, holding society together and preventing it from falling into anarchy and ruin. Imagine, I say, what civilization would be if all these were taken out of the hands of the people, and were turned over to the scramble, confusion and individual greed of private enterprise. Why there would be no civilization left because its socialization would be taken away.

And yet there are are those who, at the very mention of socialism, grow red with rage—ignorant rage that knows not that socialism and civilization are synonymous terms.

Is it not true that about six months ago, when the first bugle blast of the silver question, as it echoed through the gorges of Nevada, spread over the fertile valleys of California, and swept across the blizzard swept and mortgage stricken plains of Kansas, Nebraska and the Dakotas, it was said that it would hurt the People's Party? It will, too. The old party wire pullers are very smart but they can't fool the Socialists.

Yours,

DAN.

First Class ready-made Clothing, Hats, Gents' furnishing goods, boots and shoes, dry and fancy goods at San Francisco prices.

We take pleasure in announcing to the citizens of Berkeley and vicinity that we have opened a store on

SHATTUCK AVE., BERKELEY STATION

Our stock will consist of complete lines of staple and fancy dry goods, men's furnishing goods, men's and boys' clothing, hats, boots and shoes, etc. We have a large and well-arranged storeroom with plenty of light, and it will be our aim to keep at all times such goods as are in demand, and we assure our patrons that our prices will be found to be as low as any store either in Oakland or San Francisco.

We deem it a privilege to show goods to intending purchasers as we are confident that everything else being equal, Berkeley people would prefer to trade at home and help along their own interests by so doing. Therefore when you are in want of anything in our line of goods, do not go to Oakland or San Francisco until you have called on us and see what we can do for you. Our motto will be
